

# INWORDS

First solve the anagram (ODRWS becomes SWORD in the example below), then cut letter(s) from one end to reveal a shorter word. A forward slash indicates the position of the cut. SWORD cut to WORD is shown. Get the best score with one point per letter in both words. No plurals, abbreviations, slang or proper names.

In the harder version below, reveal shorter and shorter words by repeatedly cutting letter(s) from the ends. The minimum word length is 3. HISTORY cut to STORY then to TORY and then to TOR is shown. One forward slash shows the position of the first cut and two forward slashes shows the position of the second cut and so on. Get the best score with one point per letter in each word. No plurals, abbreviations, slang or proper names.
